From the Principal's Desk

"Don't fear for facing failure in the first attempt, because even the successful Maths starts with Zero only." - A.P.J Abdul Kalam

It gives me immense pleasure to pen a line for the College Bulletin to be published for the fourth time in our college by the Internal Quality Assurance Cell. A bulletin is a matter of pride and satisfaction for any educational or non-educational institution. A written work is like a mirror which reflects the clear picture of all sorts of work. It helps in developing the writing skill and impressing to develop one's personality.

Marangi Mahabidyalaya has made remarkable success and progress in academic and non-academic sphere from the day of its establishment. I wish that this bulletin which includes the academic activities of the various departments along with the teachers' achievements will send a positive message not only to the teachers, students, academician and parents but to the society also.

I am thankful to the faculty members for developing their academic activities along with their duty to the student community. My congratulation to the dedicated faculties, specially, to the Co-ordinator, IQAC, Editorial Board who take the responsibility for this task effectively and hope this piece of work will be done regularly.
