MARANGI MAHABIDYALAYA

P.O. LETTEKUJAN, DOIGRONG-785613, GOLAGHAT, ASSAM

From the Principal's desk...

Padma Kanta Hazarika
Principal
Marangi Mahabidyalaya

It is a matter of pleasure to me that Marangi Mahabidyalaya is going to publish the IInd issue of the News Bulletin in the guidance of IQAC. From the very beginning the IQAC has been performing various activities relating to the college. In reality it is very difficult to publish a News Bulletin regularly for a college like us, but yet breaking all the barriers The IQAC, with the full cooperation of all the active faculty members has taken initiative to publish the bulletin. It's a positive thing for our college.

Like other publication the News Bulletin of an institution visualises the activities and the achievements of the teaching staff as well as as the students. I am thankful to the teaching and non-teaching staff who have devotedly been hardworking in their fields. For the development of academic aspects the teaching staff has been working their duties in every steps. The non-teaching staff has also been performing their duties sincerely for the upliftment of the college.

Only the hard work and the positive thinking can reach an institution to stand in a better position. Once again I thank to the entire family of the college for their good efforts.

Editorial

Now-a-days a college is not only a means of traditional teaching learning institution, the High Education tries to rebuild the values and ethics of the college and universities; tries to rebuild the college and universities as centres for critical thinking, centres of creative and cultural awareness and also centres for the community development with an affordable learning environment.

Marangi Mahabidyalaya, situated in a rural area encompassing TGL community, has also been trying to meet the needs of the demographically diverse student population. We try to embrace equity and accountability through miserable learning outcomes and students achievements. The college is driven to provide excellent educational opportunities that are responsive to the needs of our students and empower them to meet and exceed challenges as active participants in shaping the future of our world.
