Best Practice no 1
Department of Education

Title of the Practice: Monitorial classes at Nearby Schools by students

1.Introduction:

Monitorial system is an educational system which was formerly used by many charity schools that consisted in employing other pupils to teach the younger ones. This method of monitorial system is applied to Doigrong Bagicha M.E. School by Institutional Values and Best Practices Cell of IQAC Marangi Mahavidyalaya.. The college has taken a decision to increase the teaching skill of the students of Marangi Mahavidyalaya and also to keep a good relation with nearby school. On the basis of this decision, the responsibility has given to the Development of Education by college authority. The Department of Education has started to monitor continuously Doigrong Bagicha M.E. School from the year 2017.

2.Objectives:

1. To increase the teaching skill among the students of the department of education.
2. To maintain a smooth relationship with nearby school.
3. To increase the teaching environment and intellectual development through the help of this programme.
4. To assist the school in teaching- learning method..
5. To encourage and create motivation for the service of teaching among the students of of the education department.

3.TheProgram:

Doigrong Bagicha M.E School is situated in a rural as well as tea garden area and the students are came from poor economic background. Most of them are came from tea-garden area, whose parents could not help in their studies as they are working daily laborer and mostly which are illiterate. College has taken the opportunity to support them in their educational life through monitorial system. It is also an unique experience for the students of the college to teach younger pupils and also helps to attract the school's students for the study by this monitorial system. Under the Supervision of the Department of Education, the student of the department start to monitor the students of Doigrong Bagicha M.E. school in their academic aspect. During the period of monitoring, it is come to know that the students attend their classes regularly. As extracurricular activities like, recitation, quiz, extempore speech and some other cultural

activities and sports competition are organized by the college students for mental and intellectual development of the students of Doigrung Bagicha M.E School.

4. Outcomes of the Program:

The programme, monitoring and educational guidance of Doigrung Bagicha M.E School has able to achieve a great success as a best practices of the college. The success can be measured in following ways-

1. Students of Marangi Mahavidyalaya have motivated for teaching profession by this special experience of teaching.
2. The students of the college have acquire knowledge about how to handle little children and able to feel the mental conditions of small children.
3. Through this programme it is helped to make a good relation between Doigrung Bagicha M.E School and Marangi Mahavidyalaya, and also has helped to create a co-operative working situation.
4. Through this programme, the teaching skill of the college students has increased.

Introduction:

A school guidance programme constitutes a cluster of activities which enable the students to overcome their educational problems that they face during the different phases of development. A school guidance programme largely consists many services like orientation, counseling act. It helps them to understand their own rights and know their ability.

The Department of Assamese, Marangi Mahavidyalaya has decided to organized a educational guidance programme at nearby educational institutions under the college authority. This one-week Educational Guidance programme to the teachers and students are done at 'No-2, Doigrong L.P. School' from 15th to 23rd June, 2022.

Objective:

The main objective of this programme are—

1. To direct and understand the purpose of study in their future life.
2. Assisting students in discovering their strength and weakness.
3. Assisting students to develop their knowledge and personal characteristics.
4. Assisting students adjust to school, its rules and regulation connected to it.

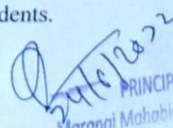

Explanation:

The programme on One Week Educational Guidance to the Teachers and Students of 'No-2, Doigrong L.P. School' is organized by the Department of Assamese of Marangi Mahavidyalaya. Department has decided to perform a awareness programme on academic and social context.

Therefore, the teachers of the department suggested the headmaster and assistant teacher to keep notice in regular attendance of the students. It is suggested to teacher to maintain a good favorable environment for new comer students.

The students of the class I and II were teach about alphabet and words. And the student of class III to V were teach about word and spelling also. Our teachers took some oral test on General Knowledge at class.

On the occasion of 'Bishnu Rabha Divas' we have organized a programme on 20th June aware about the contribution to Assamese Culture of Bishnu Rabha at the school with the teachers and students. In the last day on 23rd June, the programme was finished after taking a written test among the students of the school.

Outcome:

1. This one-week guidance programme helps the students to overcome difficulties in learning their own subjects.
2. The students fail to gain success in the curriculum if the subjects do not occur according to their intellectual level and interest. So we try to encourage them to make expectations about their studies.
3. It is very important that the students should be prepare themselves for the future plan. We try to share the information about future education by prepare with general knowledge.
4. We were making busy the students in the learning process by motivating them for learning increases their awareness to receive the achievement.

Conclusion:

The one-week educational guidance programme was completed successfully at 'No-2 Doigrong L.P. School with the guidance of departmental team and the corporation of the school teachers also the programme was running smoothly. At the end of the programme the headmaster of the school has offered vote of thanks to the college authority along with the Assamese department.

Introduction:

Educational guidance is a process of assisting the students to reach optimum educational development. It is a sort of guidance that is only rendered to the student community. It helps them to understand their own rights and helps them to understand how education can help to know their ability, to know their surroundings and to know how create themselves to effective citizen.

By taking into consideration about this view, the authority of Marangi Mahavidyalaya has decided to organize educational guidance programme at the nearby educational institutions. This one-week Educational Guidance Programme to the Teachers and Students are done at Doigrung Bagicha M E. School from 15th to 23rd June, 2022.

Objectives:

The main objectives of this programme are-

1. To direct, point out and show the proper path of student's life.
2. To provide some helps or assistance to the students for developing themselves to the desired direction.
3. To assist the students in getting information about further education.
4. To help the students to adjust to school, its rules and regulations and the social life connected to it.
5. To assist them in selecting hobbies.

Explanation:

As per the specification given by the college authority Mr. Nava Kamal Borah, Assistant Professor in Economics has gone to Doigrung Bagicha ME School for educational guidance programme on 15th June 2022. An inaugural session has been organized in the presence of Head Master, teaching staff and the students of the school. Mr. Borah has said about the importance of educational guidance programme for teachers and students.

Mr. Nabin Bailung, HM of the school has also expressed his view regarding the programme and welcome Mr. Borah and the department of Economics to the school for that great purpose.

The students of the Department of Education (4th and 6th Sem) have successfully completed their one-week monitorial classes at “Doigrung Bagan M.E School” from 6th June – 14th June 2022

(Monitorial system is also known as Modern system or Lancasterian System. It was an educational system which was formally used by many charity schools that consisted in employing older pupils to teach the younger ones)

This method is applied at “Doigrung Bagan M.E School”. From last five years it can help in their class management and solve their insufficient teacher problem for little extent.

Report about the 1 week "Educational guidance programme"

Date: 24th June 2022

By
Department of Education
Marangi Mahavidyalaya

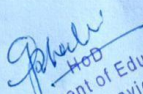

"Educational Guidance is a conscious effect to assist in the intellectual growth of an individual" – Brewer

Educational guidance is a process of assisting the individual student to reach optimum educational development. It is a sort of guidance that is only rendered to the student community.

Educational guidance helps the students to understand their own rights and help them to understand how education help them to know their ability, known their surroundings, and how create themselves to an effective citizen. That means educational guidance helps them to understand importance of education in their life. Educational guidance is very important for a student during his school life.

Hence we, the department of Education, Marangi Mahavidyalaya, have selected one nearby LP school name "Bogidhola Bagan LP school" for guiding the students in the different areas of Education.

About the School : Bogidhola Bagan LP school is under Golaghat district of Assam and is situated within 2 K.M distance from our college. The school was established in 1948 and was provincialized under the Govt. Provincialisation act 2013. Before provincialised , the school was under the jurisdiction of Bogidhola Bagan (tea garden). There are 71 students in the school and most of them are from tea tribe community. One Anganwadi centre is also attached with the school. The Bogidhol Bagan L.P School is a single teacher school and is situated under the Elephant affected area. This school was severely affected by elephants in many times. Therefore, the school infrastructure is not up to the mark.

How a single teacher can controls all the five classes at a time? It's quite impossible. Hence our departmental faculties have chosen this school for educational support and planned to do one week special guidance classes following the guidelines of IQAC, for this purpose our faculty members and the students of our department have strongly participated in the programme for succeeding the mission.

Main Objectives of the mission :

The main objectives of the educational guidance programme during the period are like- –

- To help the pupils in selecting the co-curricular activities.
- To help the students in developing good study habits.
- To assists the children in using their leisure time most profitably.
- To help the child in building of a good social- relationship.

For achieving these objectives, we have selected few activities for the purpose for the young kids. Like-

- Knowledge of 3 R's.
- Letter game from A-Z.
- Simple arithmetical techniques of counting, adding, subtracting.
- Identify the various colours and different colouring techniques, using in pictures, at the time of drawing pictures.
- Habit formation of Yoga practices for physical and mental well being of the young kids.
- Using of vowels in word construction practices.
- Moral education through 'story telling' method also try to the speaking skills among the students.
- Singing and dancing practices with their peer partners.

We know that through music and dance children learn new things like sounds, words and patterns. They can explore and control their body movements. These activities are great for the development and stimulation of the connections in the growing brain. It also allows kids to express themselves.

After the successful completion of the 7days guidance programme we prepared an evaluation sheet for the young kids so that we can evaluate their progress and development, as a result we find that majority of them have shown very good results.

It proves that hard work and co-operation have positive influence among the students.

We heartily thanks to the head master of the school for giving us the opportunity to guiding the little buds and hope for the future opportunity to serve the future generation.

Introduction:

Educational guidance is a process of assisting a student to reach optimum educational development. It is a sort of guidance which brings student community to understand their own rights, duties and responsibility regarding formal education, school, surroundings etc, and the most how to create themselves to an effective citizen for future. This is what educational guidance provides to a student for better life.

Objectives:

1. To uplift the students from school level to degree level.
2. Motivating students on various fields of education to go for higher education.
3. Ensuring students about aim in life, thy career building and to lead a better life in future.
4. To provide an understanding and responsibility man to society.
5. To guide them to solve his or her problems by own.

Explanation:

Being an English Department, we have been chosen an English Medium School nearby college named: Arya English Academy. It is situated in Sumoni Gaon, Purabangla, P/o: Lettekujan, Pin: 785613, Dist: Golaghat, Assam. It is half an km far from college campus. In the school there is one Head Master, and twelve teachers. The surrounding of the school is greenery with the branches of trees and a garden of bamboo trees and flowers, thus leading a good atmosphere in the school. The infrastructure of the school is good to its level. Though it is private school rendered by a private school committee, the classroom for each class is available though it is not a bulding but brick walled rooms. According to the head master, the motto of the school is to bring the students to their ability, understanding the concerns, career building from school level and to provide good man or woman to the society.

The educational programme was done for one week or seven days including a MCQ test (Multiple Choice Question) in the last day. It started from 15/06/222 to 23/06/22. I have been given the seven standards and second period for class, from 9.45 am till 10.30 am. The total student of the class is 38 (Thirty- eight) and out of it 36 (thirty-six) were present regularly. The students were very active and co-operative in the class. And the teaching -learning process run swiftly.

In the classes I have taught or gave knowledge about Communicative English basically on skills in learning any language. Why it is important and how to cop -up with the skills. In the next class, I have taught about English Literature, terms of literature, and its importance in

PRINCIPAL, i/c
Marangi Mahavidyalaya

Head
Department of English

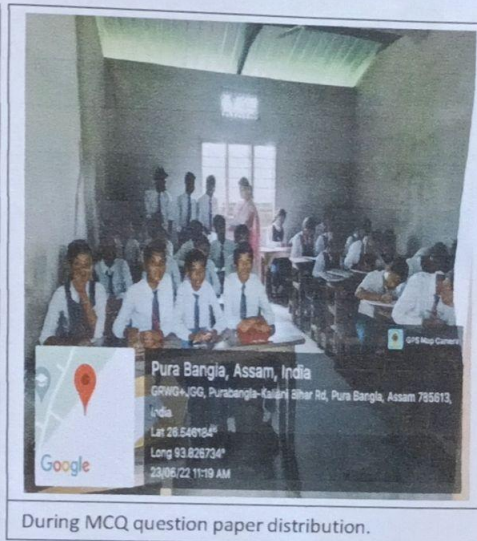

Scanned by TapScanner

PRINCIPAL, i/c
Marangi Mahavidyalaya

education. In the third day, I have given information on Environment, its resources in India, especially in Assam, its protection and preservation as well as how to keep school environment in preservation and protection. In the fourth day, on Yoga and Health, I have demonstrated in the class regarding its importance and effectiveness in our health. And how to keep our health healthy by adopting good health tips, fitness and avoid the hazardous things from our day-to-day life. In the fifth day, I have taught about Use of Plastic and Pollution. Avoid use of plastic and adoption of healthy concerns instead of plastic. How to pollute less and to control pollution with various remedies that could be adopted. On the sixth day, Computer education (basic) has been taught as it was new to the students in the school. Some were familiar but most of them are unaware of computer education. I have taught about the importance of Computer in today's life and the basic functions, the online procedures, and also about India government step for Digital India. And in the last day or Day 7, I set a test with Multiple Choice Questions setting regarding the weekend learning of the students.

During teaching and learning period.

During MCQ question paper distribution.

Outcomes:

The outcome of the one –week educational guidance is found good to a level. From the total student 38, 36 students were present in the test. The total mark of the test was 20 out of 10 questions. Each question carries two marks. And from the 36 students, 35 students obtained full marks and only one student obtained 18 marks. Thus, from the result of the MCQ test, I have come to know that the teaching-learning process of the weekend becomes successful.

Introduction:

Educational guidance: Educational guidance a process of assisting the individual student to reach educational development. It is a guidance that is rendered to the student community. It helps the students to make right choice, as well as make adjustments in relation to school, curriculum courses and school life which contribute to the all-round development. In the words of Dunsmoon and Miller, "Educational Guidance is primarily concerned with the student's success in his educational career. It relates to the student's adjustment to school and to the preparation and carrying out of suitable educational plans in keeping with his educational needs, abilities and career interests."

Educational guidance refers to that guidance that a student needs during school life. It helps them to solve the problem that they face in school. Therefore the department of history, Morangi Mahavidyalaya decided to give educational guidance to the well as teachers in the nearby B.G.K. Lower Primary school. All the students of B.G.K. L.P. School are from the tea garden Labourers community. Most of the guardians are illiterate. The faculties of the department of history want to guide the students by one week Education Guidance from 15th June 2022 to 24th June 2022.

Objectives:

1. To Guide the students regarding their studies, especially in English Language.
2. To help the students to know about their different potentialities.
3. To guide the students as well as Teachers to overcome the problems face by the school.
4. To assist the children in using his leisure time most profitably.

The Programme:

The Faculties of the department taught the students about how to learn English language in a easy way. Our college face the various problems from the students which are admitted in the College from nearby school, because maximum students are found to be poor in English language. Therefore, the faculties of the department decided to teach the students of these schools about English grammar and some words which are very useful to their day to day life. The faculties selected the students of class IV and V to teach English language. The three faculties of the department (Dr.Mamoni Mahanta, Mr.Atul Borah and Miss Rujmai Begum) alternatively offered the classes. After the completion of the classes on 24th June 2022, we organized an examination among the students. It's our peasure to mention that the students did well in the examination. In the programme some books, colour pencil, glue etc are also distributed among the students.

Outcome of the Programme:

1. Educational guidance helps the students to overcome the difficulties in learning English language and to make them fit for future progress in Educational Career.
2. It assists the students to develop positive attitudes towards study and to motivate them for the aiming at better learning.
3. Educational Guidance helps the teachers to develop their teaching quality and other activities of the school.

Introduction

Educational guidance is a process of assisting the students to reach optimum educational development. It is a sort of guidance that is only rendered to the student community. It helps them to understand their own rights and help them to understand how education can help to know their ability, to know their surroundings and to know how to create themselves to be effective citizens.

By taking into consideration about this view, the authority of Marangi Mahavidyalaya has decided to organize an educational guidance programme at the nearby educational institutions. This one-week Educational Guidance Programme for Teachers and Students is being held at Gidi Basti LP School from 15th to 24th June, 2022.

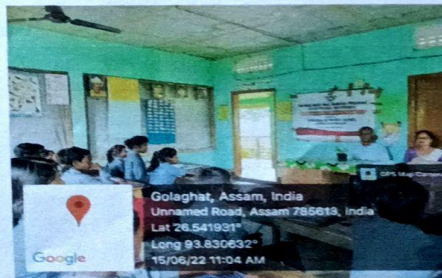

Objectives:

The main objectives of this programme are

1. To promote educational awareness among the students along with developing their intellectual and physical quality
2. To enable the children to know in details about the subjects and courses offered by schools that they might attend.
3. To help them to adjust to their curriculum.
4. To help the students in developing good study habits.
5. To help the students to know the purpose and function of different types of schools.

Explanation:

As per the specification given by the college authority Jayanta Borah, Assistant Professor in Political Science, has gone to Gidi Basti LP School for an educational guidance programme on 15th June 2022. An inaugural session has been organized in the presence of the Head Master, teaching staff, and students of the school. Mr. Borah has said about the importance of an educational guidance programme for teachers and students. Mr. Dadul Borah, HM of the school, has also expressed his view regarding the programme and welcomed Mr. Borah and the department of Political Science to the school for that great purpose.

During the one week programme the classes have been held on various topics like cleanliness, health, yoga, preparation for examination, punctuality, discipline, culture etc. Taught by Mr Jayanta Borah, Mr. Malabya Mohan Bora, Mr Cheniram Hazarika, and Dr Kakali Borah.

Outcomes:

This one week educational guidance programme helps the students to overcome difficulties in learning some subjects and to make them fit for future programme in educational carrier, and also helps the students to choose the subjects in accordance with their needs, capacities and interest.

Conclusion:

It is a one week programme which has been completed on 24th June 2022 .At the last day examination has been held among the students to examine their understanding and progress from that one week programme.

After the end of the examination a valedictory session has been organized where the HM has given the appreciation letters to the department of Political science as well as to the faculty members of the department for the successful completion of that programme. The HoD Mr. Jayanta Borah has delivered vote of thanks to the school family for that active support and co-operation.

Introduction:

Educational guidance is a process of assisting the students to reach optimum educational development. It is a sort of guidance that is only rendered to the student community. It helps them to understand their own rights and helps them to understand how education can help to know their ability, to know their surroundings and to know how create themselves to effective citizen.

By taking into consideration about this view, the authority of Marangi Mahavidyalaya has decided to organize educational guidance programme at the nearby educational institutions. This one-week Educational Guidance Programme to the Teachers and Students are done at Phuloni Bari L.P. School from 15th to 23rd June, 2022.

Objectives:

The main objectives of this programme are-

1. To direct, pointout and show the proper path of student's life.
2. To provide some helps or assistance to the students for developing themselves to the desired direction.
3. To assist the students in getting information about further education.
4. To help the students to adjust to school, its rules and regulations and the social life connected to it.
5. To assist them in selecting hobbies.

Explanation:

The programme is guided by the department of Sociology, Marangi Mahavidyalaya aiming to guide both the teachers and the students of the school about various academic and social activities.

So, the teachers of the department who guided the school, suggested the Headmaster to do something new for the school. The Headmaster of the school was suggested to improve their school library and was asked to increase the number of books in the library.

The teachers of the school were also suggested to keep notice in regular attendance of the students in stipulated time as mentioned in class routine. Except it, the students of the school were also teach some lessons and asked to write some lines from their text books. Our team took some oral test on General Knowledge of the students of the school.

In the last day (23rd June), a book donation was done in the school. The teachers and the students of the school participated in this programme. The programme was finished on that very that after taking a written test among the students of the school.

A tree plantation programme was also held at the last day of the programme. Both the students and the teachers along with the faculty members of the programme have planted sapling at the school campus.

Introduction:

Teachers' Day is observed in India on 5th September on the birth anniversary of Dr. Sarvepalli Radhakrishnan, the 2nd President of India. On this commemorative day, the Teachers' Unit of Marangi Mahavidyalaya (Degree) decided to felicitate a retired teacher of local area. On the basis of this decision, the Teachers' Unit of the college has selected to felicitate Mr. Narendra Nath Dutta, 2 No Doigrong L.P. School on the occasion of Teachers' Day 2018. Mr. Dutta is a culturally active person and a renowned social worker of Marangi area.

Objective:

1. To keep a smooth relationship among the teachers and every class of people of local community with the college.
2. To give moral education to the students.
3. To give an honour to the teacher for his/her life time service of teaching.
4. To introduce the teacher and his/her great contribution among the students and the society.
5. To encourage retired life and give mental support to the teacher.

Discussion:

In the morning of 5th September 2018, a team of teacher reached at Mr. Narendra Nath Dutta's home and arranges a felicitation programme. Mr. Nava Kamal Borah, secretary of Teachers' Unit has delivered a lecture and praise Mr. Dutta for his great admirable contribution
