	Total	60 Hrs	50

**Introduction:**

Add on courses are a continuation course from higher cert to bachelors to honours bachelors. They are linked to certain undergraduate courses within the college. These courses aims to enhance the livelihood skills, language, communication skills, aptitude and empower the students for self employment and also make them readily employable.

**Expected learning outcome:**

1. Demonstrate a few teaching skills in classroom.
2. Integrate the teaching skills in real classroom situation.
3. Prepare lesson plans for Micro-teaching and Practice teaching.
